

Tamoto, And I Know

And I know what I got to do
Leave my hole life behind
To recreate my inner state
And I know that's for sure
I fight against your deceit
Your fantasy of bad desease
And I know you will fall
When it's time babe
And at the end of the show
There's nothing left
Take this!
And I know what I have to say
And I know that I go away
And I still think of yesterday
I'll go my way, I go away
And I know the price I have to pay
When I walk away like this, babe
It isn't cheap but concrete
And I know and I believe
Things will be better
Without you here, without the fears
