

Tamyra Gray, Don't Stop (Keep It Coming)

Don't wanna listen to no radio
don't wanna see no T.V.
cuz i been working hard all day
so tonight i'm going out to play
leave a message on my telephone ya'll
if you come by i won't be home

Tonight is the night
when i just wanna leave it all behind
cuz i'm feelin so right
so the DJ's gotta keep it tight

(Chorus)
Feel the frequency
the rythm moves your feet
you've got to keep on dancing
all night long
cuz i don't know why
but it feels like i'm on fire
i need to keep on dancing
all night long

When i walk through the door
the music takes control
i can feel the rythm inside
it soothes my heart and soul
Mr. DJ don't stop keep the music pumpin
feel the bass and the club is jumpin
on the floor everybody's dancing
something's coming over me

Tonight is the night
when i just wanna leave it all behind
cuz i'm feelin so right
so the DJ's gotta keep it tight

(Chorus)

tonight is the night
i'm just feelin right

(Chorus)
