

Tanita Tikaram, Mud In Any Water

Brother - won't you, walk you town?
Don't you ever wanna stray?
See, I've been seeing someone in this town
And they don't wanna stay

Mud in any water - see you
See you laugh and sing
Everbody will be happy
Everbody will bring

Mud in any water - bring me
Never want to be alone
Can't you ever sense it - send me?
Somebody bring me home

Mud in any water
He brings - He don't wanna shy today
'Course the people want their friends
But they don't want their friends true
'Course the people want their friends
But they don't want their friends true

Mud in any water - want you
See you laugh and sing
Everbody will be happy
Everbody will bring

Have a shot at any heaven
Have a shot at any heart
Have a shot at where you're taking
Maybe let me know my heart

Heaven seller
Heaven celebrate
Helps to bring us all around
Mud in any water's danger
But you look to where it's found

I got shot of any harbour
I got shot of any trial
Where the people are so open
Where my openness - a child

Mud in any water - see you
See you laugh and sing
Everbody will be happy
Everbody will bring
