

# Tanita Tikaram, This Story In Me

A scene so simple  
As if you're carried along  
I've seen -  
Some strange things and  
He says:  
"I'm used to winning"  
Hearts abound  
"I'm used to striking bands"  
The sound  
I'm used to turning every leading  
Story in me  
Believe this story in me

The scene's  
A young man  
It's the same self-same man  
It's the - way you won me  
A day ago -  
It's strange to know so much  
Always known too much  
always cared so much to take  
Believe this story in me  
Believe this story in me  
Mm Hm Mm Hm Mm Hm

A scene -  
So second  
A scene -  
So second best  
I'm sure I'm saving you  
When they look around  
Here are the gathered  
Here is the test of time  
Here is what matters - in my heart  
Yeah, maybe my heart's blind  
In my heart  
Yes - maybe my heart's blind  
But I'm sure  
I'm taking - believe this story in me  
Believe this story in me  
Mm Hm Mm Hm Mm Hm

Watch young scenery  
Watch young  
What's been burning here?  
well - you know it's  
Seen the sun in me  
Yes, you now it's  
Seen the sun in me  
Yes, you know it's warm and I feel better  
I feel better, I feel better
