

Tank, I Don't Wanna Be Lovin' You

Hey you what's up
I've been peepin' your style
Since we've been kicking it for a while
Seems if as you You don't trip no more
Like you could do without
So what are you still here for

I don't wanna be lovin you
If you don't wanna be lovin me
I don't wanna be feelin you
If you aint really feelin me
[Repeat]

No Hi No Bye
You come and go as you please
No kiss No smile
I don't deserve these things
I don't have no time to waste
cause on the really real
you can be replaced

[Chorus]

Oh I just wanna know why
What's going on
Don't get stuck her all alone
What you gonna do
Cause I can find something better to do
Cause I Don't wanna be

[chorus: Until fade]
