

# Tank, I Still Believe

Ooh oh yeah,  
can I get something off my chest

Ooh Um hmm  
Every now and then I think of all the times we shared  
you the only one who lets me know you really care  
I miss you more and more and day by day it's hard to see  
just how you love me so and everything you gave to me

[chorus:]  
I still believe, I believe in you and me  
And that one day we will be together  
and I know it sounds strange to you  
but I never moved on cause my heart wouldn't let you go  
until I let you know I still believe.

I can barely remember the time  
the time we were caught in the rain  
how you took my hand and you said I have things to say  
It's the little things that makes me stronger everyday  
I don't know if you hear me somewhere I hope your listening.

[chorus]

Your the only one (be the only one)  
who shined a light into my life.  
Took me from where I was and  
lead me toward what was right.

[Repeat]

[chorus: until fade]
