

Tantric, Regret

Should I try and cut myself for you?
Do have to let it bleed with no regard?
Tell me just exactly what to do?
I'm afraid that I have gone too far.

Cuz I don't know just what you're feeling yet,
Cuz I've been left out in the cold,
All I know is we both share regrets,
We haven't done this yet,
There nothing here we cannot change.

I could never find myself without you,
You could never be yourself without me,
Why even try lie or ignore the truth?
Is there someone else that I should be?

Cuz I don't know just what you're feeling yet,
Cuz I've been left out in the cold,
All I know is we both share regrets,
We haven't done this yet,
There nothing here we cannot change.

Aaah, we cannot change

All I know is we both share regrets

Cuz I don't know just what you're feeling yet
Cuz I've been left out in the cold
Cuz I don't know just what you're feeling yet,
Cuz I've been left out in the cold,
All I know is we both share regrets,
We haven't done this yet,
There nothing here that we can change.
