

Tanya Donnelly, Restless

(Sliding And Diving EP)

You stare out the wall
like it's a window
And hold your side
like your insides might let go

Are you restless, baby?
Are you restless, baby?
Are you restless, baby?

Baby, are you...

You hold my hand like it's a razor
And hold my eyes with yours
in a gaze more like a vice

Are you restless, baby?
Are you restless, baby?
Are you restless, baby?

Baby, are you...

Baby, are you restless?
I saw a light there before you
Baby, are you restless?
(it was bright and restless)

Baby, are you dying
Baby, are you dying... to fly?

Still staring out that wall
like it's a window
A hand on your heart
like your tryina keep it quiet

Are you restless, baby?
Are you restless, baby?
Are you restless, baby?

Baby, are you...
