

# Tanya Tucker, Chokin' Kind

I only meant to love you don't you know it babe  
Why couldn't you be contented with the love I gave  
I've given you my heart and now you want my mind  
Your love scares me to death boy it's the chokin' kind  
You can kill a girl with bullets poison or a knife  
But it hurts her more to take her pride and run her life  
Whatever it is you want boy I hope you find  
But that hat don't fit my head it's the chokin' kind  
[ strings ]  
When you fall in love again now take a tip from me  
If you don't like the peaches walk on by the tree  
Find what you want and keep it treat it sweet and kind  
But let it breathe don't make your love the chokin' kind  
But let it breathe don't make your love the chokin' kind
