

# Tanya Tucker, He's All I Got

Well I said friend don't take him he's all I've got  
Please don't take his love away from me  
I'm a beggin' to you friend don't take him he's all I've got  
He's everything in life I'll ever need

He is life oh when I wanna live he's everything to me in life that life can give  
He's my water oh when I need to drink  
He's the first thought in my mind each time I try to think  
Let me tell you now friend...

He's my fingers when I want to feel he's the only thing in life to me that's really real  
He is love he's all the love I know  
He could kiss the ground in the wintertime and make a flower grow  
Let me tell you now friend...
