## Tanya Tucker, Soul Song

Mhm mhm mhm [guitar] You're my soul song my everything-that-I-do song My pick-me-up-when-I'm-blue song that's why I sing all the time You're my soul song and that's why I call you my solid-gold song Nothin' in the world could ever go wrong as long as you are mine

Never in the world have I seen anybody like you in all my time You give me a feel good feelin' through and through and it's so fine I'm up with the sun cause I don't wanna waste it I love you so much I can almost taste it I can sit still when I look up and see you comin' I start hummin' hmm You're my soul song my keep-me-safe-from-all-harm song My shelter-from-all-storm song that's why I sing all the time You're my soul song my keep-me-warm-when-I'm-cold song Nothin' in the world could ever go wrong as long as you are mine You're my soul song...
