

Tanya Tucker, Teach Me The Words To Your Song

I hope it's all that I'd found this may be my last time around
I tried so long but it's always gone wrong cause I don't know the words to your song
Teach me the words to your song teach me and I'll sing along
I don't care anymore if it's right or it's wrong just teach me the words to your song
[guitar - piano]
I've been hurt time after time I've laid my heart on the line
I want to stay while the feelin's so strong so teach me the words to your song
Teach me the words to your song...
Just teach me the words to your song
