Tanya Tucker, What Your Love Does For Me

I was givin' up on givin' love another try

But were easy on the heart

And easy on the eye

I wouldn't have believed it if I'd been told

I'd have my very own angel to hold

Like a warm blanket I can wrap around my soul

You're good lookin'

You're good luck

You make me feel like a million bucks

That's what your love does for me

Like a child, a little wild

And like everything I do is in style

That's what your love does for me

You look my outlook and you sure shook it up

With a little bit of sweatness

From your lovin' cup

What was once half empty is now half full

Now I'm an optimist, baby, dyed in the wool

Ever since you gave my lonely heart strings a pull

You're good lookin'

You're good luck

You make me feel like a million bucks

That's what your love does for me

Like a child, a little wild

And like everything I do is in style

That's what your love does for me

You set the mood

You set me free

Like a prisoner with my own jail key

That's what your love does for me

Like a new dime

Don't I shine

Feels like every day with you is spring time

That's what your love does for me

Feel like a child

I'm a little wild

And like everything I do is in style

That's what your love does for me

That's what your love does

That's what your love does for me
