

Tarja Turunen, Enough

ENOUGH

Ego selfish Prima Donna
Dancing in your poisoned cage
Thinking that your consciences clearer
If you drink your dreams away
Feed your anger to the devil
In yourself built wishing well
Take a swim in muddy waters
All the dirt will leave a trail
Had enough symphonies of sorrow
The beast of prey a breath away
Masterpiece of treachery
Built a wall and made me crumble
Just because I am in love
Don't you cry now look at all the
Dolls and toys that you have got
Smash the mirror of perversion
With the dagger that you made
Mirror, mirror, is there someone
who can make your day today?
Had enough symphonies of sorrow
The beast of prey a breath away
Had enough symphonies of sorrow
The beast of prey a breath away
Masterpiece of treachery
Kept my thoughts buried in a box
With each shot I still kept it locked
You drew a play written with my blood
Went ahead just to feed the lot
Had enough symphonies of sorrow
The beast of prey a breath away
Had enough symphonies of agony
The beast of prey a breath away
Masterpiece of treachery
