

# Tarnation, Listen To The Wind

Listen to the wind, it calls out my name,  
It calls with it's wanderin' ways.  
Somewhere out yonder kindlin' my flame  
Turnin' my tearin' to a blaze.  
While I tow the line on this barge of a heart  
That'll lead me astray some day, some day.  
I'm gonna get me a gun and shoot me someone  
If I don't calm my yearnin' heart,  
And they'll take me away to an early grave  
Before my natural days are done.  
While I tow the line on this barge of a heart  
That'll lead me astray some day, some day.  
While I tow the line on this barge of a heart  
That'll lead me astray some day, some day.
