

Tarot, As one

This world I see
perception of essential me
It turns wit time
of its own
The will stays strong
to walk the right
to correct the wrong
Collect and learn
what can be known
Mirage of wonder
grow into me
They'll give me
a stronger way to be
I'd see through
darkness to the sun
I'd see you
if we could be as one
The earthern sand
the stars shine
from the palm of my hand
A breach of the solitude
where I stand
The light of the souls
almost reaching me
Will it give me
a stranger way to be
I'd see through
darkness to the sun
I'd see you
if we could be as one
As one
I'd see through
darkness to the sun
I'd see you
if we could be as one
I'd see through
darkness to the sun
The stars in the palm
of my hand
I'd see you
if we could be as one
