

TAT, Live For Rock

1. With a bit loose change in my pocket,
My soul is stubborn and
Nothin'll stop me, and I
Know where I'm going, and I'll go at it alone
I know where I'm going yeah,
My mind is still strong
And you step in my way
And I knock you down
Like a thousand shit briks
I'll drag you to the ground
I'm done with crumbling
Under my fears
I'll make it my own way through
Blood sweat and tears.

Ch. Cos I live for rock'n'roll
And I'll die
Before I sell my soul
Yeah I'll live for rock'n'roll
Where freedom of expression
And liberty ain't a discretion
And I live for rock'n'roll
Freedom of expression
In a world with no repression

2. You can't pay this piper,
To play your tune
Cos I'll say what i want
So you can sit and endure
Cos I've been told in hope
That the degenerates change
Not in this case insane I'll remain
Cos I've been kicked when i'm down
And I've been told I'm nothing
Well I'm back for you fuckers
So don't tempt me, I'll crush them
I'm sick of hipocrisy
And fabricated acts
Where love for music
Is sacrificed for cash.

Ch. Cos I live for rock'n'roll
And I'll die
Before I sell my soul
Yeah I'll live for rock'n'roll
Where freedom of expression
And liberty ain't a discretion
And I live for rock'n'roll
Freedom of expression
In a world with no repression
Oi Oi Oi Oi Oi Oi Oi Oi Oi Oi Oi Oi Oi!
Take back this bottle of liquor
Cos I found something that'll
Get to my heart a little quicker (x2)
It does something to me
Moves right through me
Head rush I can't forget
Nothing I'll live to regret
This rock'n'roll moves me
Moves right through me
It's my integrity
It's what it takes to det me free.
