

# Tatu, Craving (I Only Want What I Can't Have)

When I left you, I flew  
Did you fly too?  
And nakedness befell my way  
Only seen in light of day  
I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want  
And creativity, it soaks my soul  
I asked not to be alone  
You don't have to ask me for my hand  
I already know where I stand  
I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want  
And consequences in the future  
And feeling is now  
And I can't feel the future  
But I can be there for you now  
I only want what I can't have  
I only need what I don't want  
I only want what I can't have  
I only need what I don't want
