

Tatu, Robot

Nobody , never, will understand anything
Such love is artificial honey,
Artificial honey, artificial ice
Artificial paradise, turn it faster on.

And I won't tell anyone, that I love robot,
I love robot, I love robot.
Robot, robot, robot,
I love you, we wanted it so much
Robot, robot, robot,
I will turn you on, and let's fly.
Robot, robot,
There are electronical storms in your heart.
Let's fly, let's fly, let's fly, let's fly.

Robot, robot, robot,
I love you, we wanted it so much
Robot, robot, robot,
I will turn you on, and let's fly.
Robot, robot,
There are electronical storms in your heart.
Let's fly, let's fly, let's fly, let's fly.

Such love, is unreal fly,
Artificial honey, artificial ice.
Such love, is artificial laugh,
Artificial snow, and all that is like a dream.

And I won't tell anyone, that I love robot,
I love robot, I love robot.
Robot, robot, robot,
I love you, we wanted it so much
Robot, robot, robot,
I will turn you on, and let's fly.
Robot, robot,
There are electronical storms in your heart.
Let's fly, let's fly, let's fly, let's fly.

Robot, robot, robot,
I love you, we wanted it so much
Robot, robot, robot,
I will turn you on, and let's fly.
Robot, robot,
There are electronical storms in your heart.
Let's fly, let's fly, let's fly, let's fly.
