

# Tatyana Ali, No Doubt About It

I think you're the sweetest thing and I like your talk  
I like your curly hair honey and I like your walk  
I like the way you hold me I like your eyes of blue  
There's no doubt it honey, I'm in love with you

Oh when you hold me, my poor heart skips a blue  
When you kiss me it knocks me off my feet  
I like your little stories, I like everything you do  
There's no doubt about it, I'm crazy over you

I like the way you smile I like your dimpled chin  
I like to see you laugh and I like to see you grin  
I like the way you hold me I like everything you do  
There's no doubt about it, I'm crazy over you
