

# Tavares, It Only Takes A Minute (Extended Remi

It only takes a minute, girl  
To fall in love, to fall in love  
It only takes a minute, girl  
To fall in love, let's fall in love

What's an hour of the day?  
We throw at least one away  
Walk the streets half a year  
Trying to find a new career

Now if you get a flu attack  
For thirty days you're on your back  
Through the night, I send you gifts  
Baby give me half a chance

It only takes a minute, girl  
To fall in love, to fall in love  
It only takes a minute, girl  
To fall in love, let's fall in love

It only takes a minute, girl  
To fall in love, to fall in love  
It only takes a minute, girl  
To fall in love, let's fall in love
