

Taxxi, Heaven And The Heartaches

People say we're crazy
To carry on in this fashion
They only see the tears
And never feel the passion

Well, it's been no bed of roses
No walk down easy street
But the dream we shared
Is gonna keep us together

As we stumble
Through the heaven and the heartaches
Through the good and bad
The pleasure and the pain
As we stumble
Through the heaven and the heartaches
If I could do it all over
I'd do it all again

Once or twice I packed my bags
Walking out on you
I got halfway down the street
But couldn't see it through

Sure we've got our problems
Our mountains to climb
But deep in my heart I know
You're the best I'll ever find

As we stumble
Through the heaven and the heartaches
Through the ups and down
The pleasure and the pain
And we stumble
Through the heaven and the heartaches
All the love may die
But ours will still remain

And I need you beside me
I can't make it on my own
I need your love to comfort me
Your faith to keep me strong

As we stumble
Through the heaven and the heartaches
Through the good and bad
The pleasure and the pain
As we stumble
Through the heaven and the heartaches
If I could do it all over
I'd do it all again
Oh, I'd do it all again
I'd do it all again

Through the heaven and the heartaches
Through the heaven and the heartaches
Through the heaven and the heartaches
Through the heaven and the heartaches
Through the heaven and the heartaches
