

Taylor Big, Bang Bang! Thud Thud!

Bang Bang! Thud Thud!
I got shot down in cold blood,
Without warning, shot by a woman I loved.
Her kisses, were sweet lies,
That's how she took me by surprise,
She led me on while planning my demise.
Bang Bang! I went down,
And I felt like a country clown,
Let a pretty little teaser put me on the ground.
Another notch, on her gun,
I guess that's how she has her fun,
She aims to hurt you before she turns and runs.
Too good, to be true!
Man, she might be alaying for you,
The same little teaser that shot me through and through.
Bang Bang! Thud Thud!
I got shot down in cold blood,
Without mercy, shot by a woman I loved.
