

Taylor Dayne, Stand

(S. Saraco, H. Hey)

Stand

Stand

So I will stand with my head held high

Even though I'm up against the wind

Stand

And I know I will survive

It is my destiny

Ah ah

With my head held high

I won't fall down

With my head held high

I won't surrender

I know I'm not the only one

To ever stand alone in the dark

Not knowing how I'm going to carry on

But sure I never will surrender

I know exactly who I am

And that there's a purpose and a plan

So I will stand

With my head held high

Even though I'm up against the wind

And I know I will survive

It is my destiny

All right

With my head held high

I won't fall down

With my head held high

I won't surrender

I believe that there's a higher love

It's give me the power

To find my way through the worst times

Turn them into my finest hour

And with this strength I will move on

No matter how hard I won't fall down

So I will stand

With my head held high

Even though I'm up against the wind

Stand

And I know I will survive

It is my destiny

oh

I will stand

With my head held high

Oh oh oh oh

Stand

Even though I'm up against the wind

Stand

And I know I will survive

It is my destiny

Oh

Stand

With my head held high

Oh

Stand

In my life

With my head held high

Paid the price

Oh oh oh

In my life

Paid the price

With my head held high

Oh oh oh

In my life. I made my own choices

Paid the price with my share of losses
But each time I only get stronger
And I know I've got the power inside
I will stand with my head held high
Even though I'm up against the wind
Stand
And I know I will survive
It is my destiny
I will stand with my head held high
Even though I'm up against the wind
Stand
And I know I will survive
It is my destiny
So I will stand with my head held high
Even though I'm up against the wind
Stand
And I know I will survive
It is my destiny
