

Taylor Hicks, The Right Place

If it's lovin' that you want
Well it's lovin' you'll receive
Cause you've come to the right place, baby

Where the door is always open
If you need some company
You've come to the right place, baby

Heaven knows
That I can't read your mind
We can turn it around
Darlin' one step at a time

Angel
Oh angel can't you see
That I can't live without you
So baby won't you help me please

When there's no one left to trust
Well I think that you'll agree
That you've come to the right place, baby

When you're down on your luck
Just look around you'll see
That you've come to the right place, baby

Sometimes you don't know
What you've got until it's gone
But didn't you look around
And it was right there all along

Cause angel, angel
You've got to understand
That I don't want to be with out you
Oh, won't you help me if you can

I aint askin' for the world
I just want you to believe
That you've come to the right place, baby

When there's no one else to hold you
Well I'll be there yes indeed
Oh, you've come to the right place, baby
Yeah you've come to the right place
Oh, you've come to the right place, baby
Yeah you've come to the right place
Yes indeed
