Taylor Hicks, The Right Place

If it's lovin' that you want Well it's lovin' you'll receive Cause you've come to the right place, baby

Where the door is always open If you need some company You've come to the right place, baby

Heaven knows
That I can't read your mind
We can turn it around
Darlin' one step at a time

Angel
Oh angel can't you see
That I can't live without you
So baby won't you help me please

When there's no one left to trust Well I think that you'll agree That you've come to the right place, baby

When you're down on your luck Just look around you'll see That you've come to the right place, baby

Sometimes you don't know What you've got until it's gone But didn't you look around And it was right there all along

Cause angel, angel You've got to understand That I don't want to be with out you Oh, won't you help me if you can

I aint askin' for the world I just want you to believe That you've come to the right place, baby

When there's no one else to hold you Well I'll be there yes indeed Oh, you've come to the right place, baby Yeah you've come to the right place Oh, you've come to the right place, baby Yeah you've come to the right place Yes indeed
