

Taylor Thompson, Bring The House Down

As the night draws in
Let the game begin
It's a groove thing
Let your feet decide
Gonna catch a ride
Keep on movin'

So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is
All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
Really want to hear some more.

You stay in bed with a sleepy head
Doing nothing
You can always try just to walk on but
It will pull you in.

We're flying away
We fall into this fantasy
Where the groove will carry us on

And all we gotta do is
All we gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
Really want to hear some more.

Everybody do your thing
Let's bring the house down
Everybody spread your wings
Let's bring the house down ohh yeah

So let's go away
The mood can't be that hard to reach
The night will just take us there

And all you gotta do is
All you gotta do is

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
Really want to hear some more.

Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more

Really want to hear some more.

Bring the house down

Raise the roof and get on the floor

(House down, raise the roof, get on the floor)

Let's bring the house down

Really want to hear you shouting more, more, more

Really want to hear some more.
