

Taylor Town, Yank My Noids

I've felt so many painful things such as
When my "friend"; Enrique's family moved
But none of them have hurt as much as
When I got my noids removed

There are many memories of my life
That I always try to avoid
But none give me as much strife
As when they yanked out my left noid

Chorus:
Oh yeah they yanked out my noids
It really hurt my noids
I really miss my noids
Oh oh oh oh oh noids

The doctor told me they had to take them out
And that I didn't get to choose
But at least when he made the incision
He got covered in my noid-juice

When we were leaving that place
My dad told me in the car
"Don't you worry your face
I kept your noids in this here jar!"

Chorus (2x)

Oh oh oh nooooooiiiiiiiiids!
