

# TC Matic, L'union Fait La Force

On one side the left wingers  
On the other side the right wingers  
And everyone else in the middle  
Enjoy the game before it's too late  
Now is more important  
Than someday  
L'union fait la force  
Ici c'est la vie en rose  
But they don't accept us  
The way we are  
What we need tomorrow  
We need today  
Let them fight  
For their right  
They're asleep at night  
L'union fait la force  
Ici c'est la vie en rose  
But they don't accept us  
The way we are
