

TC Matic, With You

There's a feeling
Deep down inside
Like my stomach's
Dancing upside down
With you I don't want
To be bothered by anyone
But you
With you I feel no fear
But it hurts and it burns
Deep down inside
I think I love you
With you the struggle
Within me is so great
To you I don't lie
With you I don't play games
I love you like I never
Loved anyone else before
I know all this sounds cliché
Mor men grotvader zeit dat
Ook tegen men mm
I think I love you
I love you...
