

# Tc Missez, Gots Ta Be Ya Lady

The fact that we are no more  
We is drivin me so crazy  
And the things you do to me's  
Enough for me to want ya baby  
We foreva I won't leave ya  
That's the things we both was sayin  
You and me got chemistry that's  
Why I gots ta be ya lady  
[x2]

Ok I'm better than ya next  
And I'm nothin like ya last  
You used to say  
If you do me a praisin favor  
I'll do ya back  
But I guess I did the opposite  
Cause you and me are through  
But shit id wrather spend my life alone  
If I can't be with you  
And that's the truth  
Look what we been through  
All the memories we have  
Talkin late night on the phone  
And makin good songs off in the bed  
Look what we shared and  
Yeahh we both did things to  
Bring those sucka thangs  
From my freakin childish ways to all  
Ya groupies on my stage  
But it's ok I still don't hate you  
I wouldn't trade you for the world  
And ya oughtta be my nigga  
Cause I gotta be ya girl  
Don't be a fool you know you love me  
And it's true I love you too  
Me and you should be a we again  
So tell me what's with you

The fact that we are no more  
We is drivin me so crazy  
And the things you do to me's  
Enough for me to want ya baby  
We foreva I won't leave ya  
That's the things we both was sayin  
You and me got chemistry that's  
Why I gots ta be ya lady  
[x2]

When we broke up man  
You know you split my whole heart in half  
Man I could'ntbelieve this  
Cause I knew she used to be your past  
All that breakin up and makin up  
Man that got to go  
Cause when we got right back together  
It wasn't the same anymore  
When we got mad at eachother  
I knew you loved me right then  
Used to call and say your sorry  
Can I come and see you boo  
Yeahh you had me mesmorized  
In the club and in the booth  
Yeahh I love my nigga  
And best believe that's gon be the truth.
