

# Teairra Mar, Confidential

[Boy:] Teairra, I want you ma, can we do this

Teairra: Can I trust you?

[Chorus:]

If I take it off

Would you take it slow

And promise to not let nobody know

About nothing, if I come off of this loving

Its confidential

If I take it off

Would you take it slow

And promise to not let nobody know

About nothing, if I come off of this loving

Its confidential

[Verse 1:]

If I (If I)

Let you get me (Let you, let you)

Take off my jeans (Let you, let you)

You're gonna be

The first one to score

And if I let go (Let go, let go)

Act irresponsible (Oh no, oh no)

After all this is over

Will the joke be on me

[Hook:]

Though my body's saying (take me)

I got my mind saying (same thing)

Slow down, don't be fooled, by the things you say

[Chorus:]

If I take it off

Would you take it slow (Oh)

And promise to not let nobody know (Nobody know)

About nothing, if I come off of this loving (Its so confidential)

Its confidential

If I take it off

Would you take it slow

And promise to not let nobody know (Nobody know, oh)

About nothing, if I come off of this loving

Its confidential

[Verse 2:]

I'm so close to giving you all of me

But I cant be sure that you gon' stay with me

I know that I said that we were meant to be

But I cant say this time and its right for me

Your swagger is right our vibe is strong

You're beggin to see me with nothing on

So many of my girls are home alone

Wishing that they would have remained strong

[Hook:]

Though my body's saying (take me)

I got my mind saying (same thing)

Slow down, don't be fooled, by the things you say

[Chorus:]

If I take it off

Would you take it slow

And promise to not let nobody know (Promise that you won't betray me)

About nothing, if I come off of this loving (No, its so confidential)

Its confidential

If I take it off

Would you take it slow (No)

And promise to not let nobody know (Nobody know)

About nothing, if I come off of this loving (Woah, its so confidential)

Its confidential

[Spoken addlibs]

I like you

I mean, (Nothing, loving)  
I really like you  
I just don't know (Nothing, loving)  
If I'm ready  
If I take it off  
Would you take it slow (You feel me)  
And promise to not let nobody know  
About nothing, loving (You willing to wait?)  
If I take it off would you take it slow (Huh)  
And promise to not let nobody know  
About nothing (nothing), if I come off of this loving  
Its confidential
