

Teairra Mar, Fantasy

(Oooh) the first time i saw your face
(oooh) i could see right in your eyes
(oooh) looking me right dead in the face
I must've been hypnotized by your heavenly smile (mmhmm)
But unfortunatley it'd be the last time i'd see you
Oh lord, i (dream of you)
Everytime you go away, i think about you everyday
And everywhere im so sure
(see you where i go) everywhere i go
But i want you to know my fantasy
