

Team Sleep, Appollonina

F**k the computer
You're not a teammate on my team
So shut up
And now dreams
Look at the VCR TV
In the room
With white knives
Air a VCR T3 of my own
So what now
Is that you want to marry me

Who cares
Now sit there
Sit there and stare
My God!
Who cares
Just sit there
Sit there and stare
Oh my God

Eighteen
Yeah she's my teammate X13
And she's good
With white liars
A lot of bit your whole like TV
So shut up
And I dream
Look at the VCR T3
In my room
I look up
Laughing at you
Burying me

Who cares
Now just sit there
Sit there and stare
My God!
Just sit there
Sit there
Sit there and stare
My God
