

# Team Sleep, Cambodia

you make that dance look so new, come on  
a place like you've never seen, before  
cause tonight girl its so on

yes, choose to run away from love  
just come back home alone, girl

you wear that cast so cool, uh uh  
a place like you've never seen, before  
tonight so come on

yes i'll choose to run away from love  
just come back home alone, girl

where?  
where?  
why get away  
always, always, always  
all the time
