

# Tech N9ne, Sleeping Beauty

(Intro: Big Krizz Kalico backwards)

Such a cutie  
Sleeping beauty

(Tech N9ne)

It was a Saturday night me and my homeboys decided to dip to the movies  
And you know what?  
Always on CP time  
So we enter the theater and we find our seats  
Kalico wanted me to get something from cossesion, so I did  
So I'm waitin' in line and I get to the register  
And I see the badest bitch homie (Damn)  
I mean I was like fuck the food what's your name, nationality and age baby  
But I forgot the first two when she said she was, 17!  
On the inside I was like, fuck, shit, godamn it, motherfucker, ya bitch, whore, slut, cunt  
When you gonna be 18?  
And in the mints of my crisis I heard he say, &quot;Well I'll be eighteen in a week&quot;;  
And I was like, &quot;Oh yeah?&quot;;  
And she said, &quot;Yeah&quot;;  
Man she was a stallion  
Ass like pow  
Chest like bang  
Lips like ooh  
I had to have her cat  
De ja vu

(Verse 1: Tech N9ne)

I'm in the movie and I don't give a fuck about it  
I keep thinkin' about a bitch I met at cassetion  
Really a cutie I wanna get up in her and out of her  
but the identity sayin' she is one seven  
For the movie I'ma go back and spit at her  
throw game at her like my name is Tech N9ne bitch  
When I said it she went ballistic meanin' she was with it  
and lovin' my complex rhyme shit (Yes, yes)  
I had it really an idea to get her back at the crib  
and I'll give her some of the bad mimosa  
The key was (????) that I can hold her  
But about the weekend on her b-day  
We can wheeza  
She does'nt know that I am s-i-c-k (Sick)  
All she know is T-E-C-C-A  
When your through with work your gonna go with me kay  
(Okay, Okay, Okay, O-O-Okay)

(Hook: Big Krizz Kalico)

I want you, Sleeping Beauty  
I need you, Sleeping Beauty  
So come on, such a cutie  
I love you, Sleeping Beauty

(Bridge 1: Tech N9ne & Girl)

Come right in baby, have a seat (Alright)  
Would you like a drink (Sure, I'll have one)  
And another, and another, and another  
and then another, and then another, and then another

(Verse 2: Tech N9ne)

Very woozy  
We up in the Jacuzzi  
Beauty is juicy  
The liquor must have been a dozy (Yes)  
Cause she talkin' hella loosely  
Tryin' to seduce me

But I ain't fuckin' no under aged groupie  
But I was I fuckin' and suckin', buckin', crushin' and touchin'  
And tuckin' my stuff in puttin' my bid in here  
But she started huffin' and puffin' and talkin' bout nuthin'  
The fact that I ain't gonna get no lovin' this fucker is pushin' my buttons  
Bitch with your fast mouth  
I want you to pass out  
Then I'ma get your ass out (Yup)  
Shit she crashed out  
Gotta get her out cause she'll be dead soon  
Drug her to the motherfuckin' bedroom  
Handcuffed her then I turned the music down (Knock, knock, knock)  
Then I heard a pound (Who is it?) (Knock, knock, knock)  
Knock a lil' more (What the fuck)  
Somebody's knock, knock, knock, knockin' at my door yo

(Bridge 2: Tech N9ne & Cop)

Is there a problem officer?

(Yeah we got a noise complaint from one of your neighbors, uh you havin' a party?)

Uh-no it's just me here man I'm a musician

(We know who you are)

And uh I'm scoring a movie that's my projector you hear and the music's already down so

(Well let's try and keep it down)

Uh-I'll keep her, uh, keep it, keep it down, I'll keep it down

(Hook)

(Verse 3: Tech N9ne)

Hey I can hardly wait

It's gettin' closer to our date

It's been a couple of days I had to gag her

Back and forth to the bathroom I had to drag her (Come on)

Cause the drugs I'm givin' her makin' her stagger

Tryin' to feed her food but it's makin' me want to stab her (Bitch)

With the steak knife I try to feed her steak with (Come on)

Okay when you starve to death don't say shit (Bitch)

Imma set it to the side till your hungry

I see that your energy tellin' me that you want me

She said I never knew that you were the wanabe psycho

Why you readin' to me from the bible (No)

Get away from me motherfucker I hate you (Hate me)

All the warning that gave me make me wanna date you (Yes)

Days go by

And I'm lookin' in her hazel eyes

And I wanna be a sex slave know why?

Cause your beautiful lovely (Yes)

Want you to trust me (Yes)

And never judge me (Yes)

And now do you love me?

(Bridge 3: Tech N9ne & Girl)

(I love you, I really love you)

Oh, fuck

Oh yes, oh yes

(Take care of these cuffs)

(Verse 4: Tech N9ne)

Look at her sexy ass

Beautiful panty's see through like plexiglass

Rip 'em off of her like an animal mesh me clash

To the bottom put her hands on my ness tea bags

Heavy kissin' and heavy pushin'

And if this is heaven then I wanna stay

Lord please never take it away

Happy birthday baby this is how I'm gonna be lovin' ya (Yeah)  
Then she put the steak knife through my juggula (Shit!)  
Now as the blood trickles  
My body wiggles  
I'm lookin' up at my baby while she giggles (Ha, ha, ha)  
I never thought it would end this way (Way)  
This not how I wanted to spend this day (Day)  
The rest we, we were so damn tangled (Yes)  
I really guess my baby didn't like my angle (No)  
I lye in a puddle of blood neck mangled (Damn)  
I was done by the hands of an angel
