

# Technoboy, Into Deep

No matter what the people say, these sounds lead the way!  
I can't breath here any more...  
It's been like that for a while  
Everything seems strange to me  
I feel like a newborn child  
And I know I don't belong down here  
I guess it always be the same  
I wish I wouldn't have to fear...  
Under the water, under the water  
Oh, you left me drowning  
Under the water, under the water  
Oh, you left me drowning  
Under the water, under the water  
Oh, you left me drowning  
Under the water, under the water  
Oh, you left me drowning
