

# Technotronic, Saving All Your Love

Are you savin' all your love for me  
Savin' all your love for me  
Savin' all your love for me  
Are you keepin' it warm

Call me good, call me nice,  
Call me anything you want, Baby  
Could be wrong, could be right  
As long as I know that you'll always near me  
Girl I know that your love  
Will last throughout all times  
And I know that your love  
Will stand the test of times

Call me good, call me nice,  
Call me anything you want, Baby  
Could be wrong, could be right  
Call me good, call me nice,  
Call me good,  
Call me good,

Savin' all your love  
Savin' all your love

C'mon and dance  
C'mon and dance  
Do you wanna dance
