

Ted Nugent, Come And Get It

I don't wanna hand nothin' to ya

I just wanna sit back and do ya

Dontcha make me stand up and chase it

I just wanna lay back and taste it

Come and get it right here for you

I would never want to bore you

No

Come and get it

Come and get it
Come on girl and sit down beside me

Let me tell ya whats burnin' inside me

I want you to take it

I know that you'll like it

Sit right down and grab it and bite it

Come on girl its right here for you

I would never want to bore you

No

Come and get it

Come and get it

I don't wanna hand nothin' to ya

I just wanna sit back and do ya

Know you know you make me make me

Know you know you make me crazy

I just wanna lay back and taste it

Come and get it right here for you

I would never want to bore you

No

Come and get it

Come and get it

Come and get it

Come and get it

Come and get it

Come and get it

Come and get it

Come and get it

Come and get it
