

Teddy Geiger, As We Get Older

As we get older
People grow colder
People get strange

Sometimes I find myself
Caught between the middle of things

If you'll be my angel
I'll be your everything
Together we'll change

I'll stick to my reasons
And make sure you're okay
Connected and all right, tonight

I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need

You'll be the one to set me free
'Cause you'll always be my girl
You're the one and only thing that I
I need

Nobody told her
People get older
Things become strange
As time passes by my window
I notice things never stay the same

I'll be your angel
I'll be your everything
Together we'll change

I'll stick to my reasons
Make sure you're okay
Connected and all right, tonight

And I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need (uh huh)

You'll be the one to set me free
'Cause you'll always be my girl
You're the one and only thing I need (all right)

We can get older
But don't let me get colder
You don't have to worry
'Cause the happy child will...

I'll be the one to set you free
If you'll always be my girl
You're the one and only thing that I need

I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need (that I)

I'll be the one thing that you need
If you'll always be my girl
You're the one and only thing that I
Need
