

Teddy Geiger, As We Older

As we get older
People grow colder
People get strange
Sometimes I find myself
Caught between the middle of things
If you'll be my angel
I'll be your everything
Together we'll change
I'll stick to my reasons
And make sure you're okay
Connected and all right, tonight
I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need
You'll be the one to set me free
Cause you'll always be my girl
You're the one and only thing that I
I need
Nobody told her
People get older
Things become strange
As time passes by my window
I notice things never stay the same
I'll be your angel
I'll be your everything
Together we'll change
I'll stick to my reasons
Make sure you're okay
Connected and all right, tonight
And I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need (uh huh)
You'll be the one to set me free
Cause you'll always be my girl
You're the one and only thing I need (all right)
We can get older
But don't let me get colder
You don't have to worry
Cause the happy child will...
I'll be the one to set you free
If you'll always be my girl
You're the one and only thing that I need
I'll be the one to set you free
If you'll always be my girl
You're the one and only thing I need (that I)
I'll be the one thing that you need
If you'll always be my girl
You're the one and only thing that I
Need
