

Teddy Geiger, Do You Even Care

From the first time I saw the city skyline
I was sure I'd be with you
Cause the first time I saw your face
I just fell into you

You say you need to walk on these ideas
Let my heart lay in your past

Why let me walk alone
When I can take you home
Now I'm just sittin' round here
Wonderin' if you even care
Do you even care
Do you even care

Your voice could break the line of silence
And take me from this place
Cause I could love you
If you'd only let a lonely boy have a taste
And I can't wait

And I don't need to walk on these ideas
Since you crossed my path

Why let me walk alone

When I could take you home
I'm just sittin' round here
Wonderin' if you even care
And I didn't ask for solitude
I just wanna be with you
I'm just starin' at these walls
Wonderin' did you even care
Did you even care

Who's that girl I had a thirteen hour conversation with
Where did she go
We were dancin' to Ben Folds Five in your mother's basement
And you kissed me
You kissed me

So why let me walk alone
When i could take you home
I'm just sittin' round here
Wonderin' did you even care
I didn't ask for solitude
I just wanna be with you
I'm just starin' at these walls
Wonderin' did you even care

Did you even care (x5)
