

# Teddy Swims, Goodbye's Been Good To You

Goodbye my love  
You tore me up  
I heard you found somebody new  
Looks like goodbye's been good to you  
Good days I'm on  
And I can't move on  
Quite as easy as you do  
Looks like goodbye's been good to you

I been a-hurtin' since you walked out the door (Uh-oh)  
Nothing's workin' like the way it did before  
Oh, I cry, oh, I cry, oh, I pray a little to the Lord  
Oh, I try, oh, I try, but it only make me miss you more (Yeah, yeah)  
You took the dog and the Honda and half my shit  
Kinda mad that my mama is just a friend  
I gotta move so I never gotta see you again  
I never see you again, so long

Goodbye my love  
You tore me up  
I heard you found somebody new  
Looks like goodbye's been good to you  
Good days I'm on  
And I can't move on  
Quite as easy as you do  
Looks like goodbye's been good to you

Looks like, looks like, looks like  
Looks like goodbye's been good to you, yeah  
Looks like, looks like, looks like

Gave you all my love, all my time  
All my money, baby  
It wasn't enough, I'm still smilin'  
'Cause 'cause the finer things  
I'll get better  
Like changin' weather  
And you're gonna miss me like how  
Like how I missed you right now

Goodbye my love, you tore me up  
I heard you found somebody new  
Looks like goodbye's been good to you  
Good days I'm on  
And I can't move on  
Quite as easy as you do  
Looks like goodbye's been good to you

Looks like, looks like, looks like (Woah, oh, oh-oh-oh-oh)  
Looks like, looks like, looks like

And I can't get no sleep  
And I ain't ate in weeks  
I got plenty of that  
Yeah, I roll 'em up fat  
And I can't get no sleep  
Oh, I ain't ate in weeks  
Well, I got plenty of that  
Yeah, I roll 'em up fat

Goodbye, goodbye  
Goodbye, goodbye
