

# Teddy Swims, What More Can I Say

Love can't make you stay

Drunken rage came stormin' in  
5 AM, you woke me up again  
'Cause the doubles on ice and your friend Diane  
Got you all up in your head again  
About a picture on my phone from a girl I used to know  
Got your searchin' flights back home  
And I'm like, please

Don't go  
Got my heart rate up real high  
Vocabulary runnin' low  
Out of breath, I keep goin' and goin', oh, no  
If I'm a record then I'm broke  
You don't like my song no more  
And all I need to know is

What more (What more) can I say (More can I say)  
To you baby  
When I'm out of words you haven't heard?  
If love (If love) can't make you stay (Can't make you stay)  
It's your play  
So tell me what more can I say?

Beat me up and leave me black and blue  
Do whatever that you gotta do  
Throw the dirty laundry in the street  
Chipped acrylic now you're blamin' me  
About a picture on my phone from a million years ago  
Got you searchin' flights back home  
I'm like, please

What more (What more) can I say (More can I say)  
To you baby  
When I'm out of words you haven't heard?  
If love (If love) can't make you stay (Can't make you stay)  
It's your play  
Tell me what I'm supposed to say?

Except don't go  
Got my heart rate up real high  
Vocabulary runnin' low  
Out of breath, I keep goin' and goin', oh, no  
If I'm a record then I'm broke  
You don't like my song no more  
So tell me what more can I say? (Say)

Say (Can't make you stay)
