

# Teddybears Sthlm, Hey Boy (feat. Swing Fly)

Who's the bum cuzzin' along in your hi fi  
Stackin' do hittin' the bong, it's the Swing Fly  
Teddybear sound is the bomb and you know why  
None of this ill can be wrong and the beat's thight  
Hey boy, get your rocks off, move boy, we put the clock on you boy  
You can't miss, my friend you get knocked down, get up again  
You can smell some of the funk when we breeze by  
We got nuff shit to go round, hit the peace pipe  
We can do the dunkedy-dunk, and it's all night  
Yeah baby the dunkedy-dunk and it's all thight  
Hey boy, get your rocks off, move boy, we put the clock on you boy  
You can't miss, my friend you get knocked down, get up again  
All we came to do is raise hell and just have fun  
You can take the skinny girl, cos I want the fat one  
You better raise the base, leave the treble on plus 1  
Can you put me on the guest list - 20 girls plus 1  
Hey boy, get your rocks off, move boy, we put the clock on you boy  
You can't miss, my friend you get knocked down, get up again  
I have a lot of problems, but I'm here to discuss one  
Well pass another bottle cos I won't settle for just one  
Get ready for the chourus, cos I'm just about done  
Get ready for the du, the du, come on  
Hey boy, get your rocks off, move boy, we put the clock on you boy  
You can't miss, my friend you get knocked down, get up again
