Check out my melody

VERSE 1

How'd I get to this state, needin' you so bad it's all over my face
I'm too cool for this, gotta face
Tryna play him for a ride but I can't keep my pace
With you, I feel, I can be me
With you, I feel, life is real

Chorus

All I'm really doin' is you (that's what I'm about)
Makin' you my number one (that's what I'm about)
And if we fall in love (It's even better boy)
All I'm really doin' is you (that's what I'm about, that's what's up)

ooh ah, ooh rock

VERSE 2

How'd I make it this far, without breakin' down and givin' you all my love
I'm so over this, bein alone
So I'm thinkin' that maybe we, can become one
With you, I feel, I can be me
With you, I feel, life is real

Chorus

I'm doin' you (that's what I'm about)
Makin' you my number one (that's what I'm about)
And if we fall in love (It's even better boy)
'cause all I'm really doin' is you (that's what I'm about, that's what's up)

ooh ah, ooh rock
