

Teena Marie, The Secret Garden (Sweet Seduction Suite)

I wanna read your mind, know your deepest feelings
I wanna make it right for you
Baby, show me, let me share the mystery
Listen to your heart tonite
We can make it right

[Patti LaBelle:]

I know a melody that we could sing together
I've got the secret key to you baby
Let's make music, harmonizing ecstasy
Hey come on sing it to me
Here in the garden where temptation feels so right
Passion makes you fall for what you feel
In the garden we can make it come alive everynight, oh
Your secret garden

[Teena Marie:]

I need to be with you, Let me lay beside you
Do what you want me to all night
Gonna hold you, baby can I touch you there
Come on, come on, come on, come on
I can keep you satisfied
Baby, please stay oh darling
Here in the secret garden
Where temptation feels so right
Passion can make you fall for what you feel
In the garden we can make it come alive
Every night every single night
I'll be your woman in the garden
Come play with me here in my garden

If ya think I'm gonna take care of you
If ya think I got what you need
Sho you right
If you think I'm gonna be good to you
If ya think I like what you do
Sho you right
