

# Teena Marie, Warm As Momma's Oven

It's hot in here  
Ooh  
Come on in  
Let's go chill  
What's that you say  
Yeah, that's the way  
That's the way I like it

Gonna give you somethin' you can hold on to  
You let me dive right up under the fire, baby  
The thought has just occurred to me, the possibilities are endless  
You are my soul's one burning desire, baby

So if you feel it in your heart and you wanna love me  
And you feel it in your arms and you wanna hold me all night  
Woman desire's, oh, so fine  
And I'm givin' you all that I got

I'm gonna give you lovin'  
Just as warm as momma's oven  
I'm gonna make you feel so good  
Just like you knew that I would

Gonna give you somethin' you can write home about  
Here in a letter to your mom or your daddy  
Why don't you tell them how it makes you feel, that our love is so real  
I never wanted someone so badly

So if you feel it in your heart and you wanna love me  
And you say what's on your lips that you kiss me all night  
Woman desire, you look so sublime  
And I'm givin' you all that I got

I'm gonna give you lovin', sweet baby  
Just as warm as momma's oven  
I'm gonna make you feel so good, my baby, baby  
Just like you knew that I would

If you can't take the heat get out the kitchen (Get out the kitchen)  
And if you're waitin' for my love then you'll be wishin' (Maybe you'll be wishin')  
For somebody just like me, I'm on a mission, yeah  
Come get to this kissin', baby, come get this kissin' [Come and get this kissin']

This is for the lover in motion (Shoo-doo-doo)  
This is for the lover in motion (Shoo-doo-shooby-doo-doo-doo-doo-doo)  
This is for the lover in motion (Shooby-dooby-doo-doo-doo-doo-doo)  
This is for the lover in motion (Shooby-dooby-doo-doo-doo-doo)  
(Shoo-dooby-doo-doo)

If you feel all my love inside  
Come on let's ride the tide, come on, my baby  
You're so fine, the mood is so sublime  
Givin' you all that I got

I'm gonna give you lovin', sweet baby  
Just as warm as momma's oven  
I'm gonna make you feel so good, my baby, baby  
Just like you knew I would, just like you knew it

If you can't take the heat, get out the kitchen  
And if you're waitin' for my lovin' you'll be wishing  
For somebody just like me, I'm on a mission  
Come get to this kissin', baby, come get this kissin', baby

This is for the lover in motion  
And the gin and the juice is the potion  
This is for the lover in motion  
And the gin and the juice is the potion  
This is for the lover in motion  
Come on and get it, baby, baby  
You're gonna get it, baby

You know I'm gonna give you lovin', my baby  
Just as warm as momma's oven  
I'm gonna make you feel, feel, feel so good, my baby, baby, baby  
Just like you knew I would, just like you knew it

If you can't take the heat get out the kitchen  
And if you're waiting for my love then you'll be wishin', baby  
Come on and get it, baby, come on and get something, baby  
Give you something you can write home about, baby
