

Teena Marie, Wishing On A Star

["New York Undercover: A Night At Natalies" soundtrack]

I'm wishing on a star
To follow where you are
I'm wishing on a dream
To follow what it means

And I wish on all the rainbows that I see
I wish on all the people who really dream
And I'm wishing on tomorrow, praying it'll come
And I'm wishing on all the lovin' we've ever done

I never thought I'd see
A time when you would be
So far away from home
So far away from me

Just think of all the moments that we'd spent
I just can't let you go, for me you were meant
And I didn't mean to hurt you, but I know
That in the game of love you reap what you sow

I feel it's time we should make up, baby
I feel it's time for us to get back together
And make the best of things, oh, baby
When we're together, whether or never

I feel it's time we should make up, baby
I feel it's time for us to get back together
And make the best of things, oh, baby
When we're together, whether or never

I'm wishing on a star
To follow where you are
I'm wishing on a dream
To follow what it means

And I wish on all the rainbows that I see
I wish on all the people who really dream
And I'm wishing on tomorrow, praying it'll come
And I'm wishing on all the lovin' we've ever done

I'm wishing on a star
To follow where you are
I'm wishing on a star
To follow where you are
[Repeat to the end]
