

# Teena Marie, Young Love

Ooh...ooh...ooh...ooh...  
Yeah, yeah

I remember back in school  
When I first laid my eyes on you  
I saw your smile and knew right then and there  
You reached out and touched my hand  
And two became just one person  
And no one could have stopped our love affair

But lately we can't even see each other, no  
Without acting just like distant lovers  
We've even took to fighting under covers  
What a shame, baby, who's to blame

Young love  
Why you wanna grow old on me now  
Young love  
Why you wanna grow old on me now

Don't say goodbye my love, no, no, no, baby  
Just one more try, young love

I remember promises  
The way I'd feel when we'd caress  
I can't imagine where young love went wrong  
You said that you needed me  
But where is the sincerity  
I-I guess that with our love that too has flown

'Cause lately we can't even touch each other  
Without acting just like distant lovers  
We've even took to fighting under covers  
What a shame, baby, who's to blame

Young love  
Why you wanna grow old on me now  
Young love  
Why you wanna grow old on me now

Don't say goodbye my love, no, no, no, baby  
Just one more try, young love

Do you remember the young love  
Do you remember the love we shared  
Do you remember the young love  
Do you remember the love we shared (When love was new, baby)

Do you remember the young love  
Do you remember the love we shared (And we were to sugar)  
Do you remember the young love  
Do you remember the love we shared (Listen to me)

Don't you think we ought to give it one more try  
We've come too far to be saying goodbye

Give it on more try  
Ooh, don't you remember, baby  
Young love was much better  
Ooh, my love

Why you wanna grow old on me  
Why you wanna keep me in misery  
Why you wanna say goodbye

Why you want to make me cry, baby  
Young love, my love, your love

Why you wanna say goodbye  
Why you want to make me cry, baby  
I'm cryin', baby  
I'm cryin', baby  
I'm cryin', young love  
I'm cryin', young love  
I'm cryin', young love  
I'm cryin', young love

Don't say goodbye  
Please
